### FIRE STARTED THRICE. A BLAZE ON THE HARTFORD

Third Attempt to Burn Fair The Steamer Was Crowded and Buildings Succeeds.

Police Are Now Looking for the Firebugs.

Westchester County Fair Will Prob ably Be Postponed.

WHITE PLAINS, N. Y., Aug. 27. Firebugs, after making three attempts, have at last succeeded in burning the judge's stand, the grand stand and the band stand on the grounds of the Westchester County Agricultural Fair Association at this place. This property was destroyed this morn-

ing and the firebugs have not yet been traced. The object in burning the property is not yet clear to the Board of Managers of the Agricultural Society.

The first attempt to burn the stands was made on Monday night last, but the flames were extinguished before much damage was done. The second attempt was made last night, with a similar result. Incendiarism was not suspected until the attempt last night, but for some reason a close watch was not kept and the firebugs were linally successful in their dastardly work early this morning the property is not yet clear to the Board of Managers of the Agricultural Society.

Cook began preparing breakfast. An hour later, while his attention was called in another part of the boat, some parks fell from the range and came parks fell from the traced. The object in burning the prop-

When the flames were discovered the White Plains Fire Department hastened to the scene, but the fire had made such headway that there was no hope of saving the stands. The firemen then directed their efforts to saving the large buildings on the grounds, including Exhibition Hall. Floral Hall and the extensive stables adjacent to the race track. The firemen were successful in the work and the flames were confined to the stands, which were totally wrecked.

the work and the flames were confined to the stands, which were totally wrecked.

The loss is about \$8,000, and there is an insurance of \$5,000 in a Chicago company. The grand stand had a seating capacity of 3,000.

The fire will undoubtedly interfere with the plans of the Westchester County Agricultural Society, as the annual Fall fair has been arranged to be held on the grounds next month. This fair is one of the most prominent Fall exhibitions given in the suburbs, and is especially attractive to horsemen. The patrons of the New York Horse Show invariably patronize the White Plains fair, and most of the blooded stock shown at the Horse Show in Madison Square Garden is exhibited at White Plains.

Plains.
The Board of Managers of the Agricultural Society will take prompt steps
to replace the burned property.
Chief of Police Bogart, of White
Plains, and Sheriff Duffy are searching
for the firebugs.

Booth, and owing to the great distance of the water supply, soon got beyond control and extended towards the city, until the wind

tended towards the city, until the wind fortunately changed.

The territory covered by the fire is about ten acres. On this were 10,000,000 feet of lumber belonging to Mr. Booth, valued at \$150,000; six railway cars, with lumber belonging to the Export Lumber Company; the Parry Sound Railway bridge, and the Cedar street public school, valued at \$3,000. Several smaller buildings were also burned.

The fire burnt itself out shortly after midnight. It was undoubtedly the work of an incendiary. property.

early yesterday morning by the policeman on a charge of being drunk and disorderly. He said he saw three men fighting on Seventy-third street and ran towards them. Two of the men ran away. He captured Bransfield, and on reaching the station with him found he was injured.

Capt. Strauss's report says two of his detectives visited Bransfield at the hospital, and he told three separate stories, and finally acknowledged that he did not know who struck him. This, the police claim, completely exonerates Policeman Collins. They think that the injuries were inflicted by the two men with whom he was fighting, and they will endeavor to locate them.
